Internship Presentation & Project Report

Earthwork & Civil Contracting Operations — Harshit Projects

INTERNSHIP PERIOD

1 June 2026 – 31 August 2026

Harshit Projects • Faridabad, Haryana

STUDENT

Tejas Verma

IILM University
Greater Noida, India

ROLE

**Management & Business Operations
Intern**

Candidate & Internship Overview

Student Profile

Name: Tejas Verma

University: IILM University, Greater Noida

Location: Greater Noida, Uttar Pradesh, India

Internship Profile

Organization: Harshit Projects

Role: Management & Business Operations Intern

Duration: 1 June – 31 August 2026

Certificate Issued: 1 September 2026

Internship Theme

Hands-on exposure to management and business operations within a civil engineering and earthwork contracting firm — covering project coordination, planning, business research, and stakeholder communication.

The internship bridged classroom management concepts with the day-to-day realities of running a civil contracting business.

Organization Profile

Harshit Projects — a Faridabad-based contracting firm for earthwork and civil work

Harshit Projects

A Faridabad-based firm engaged in earthwork and civil contracting, operating under a registered GSTIN.

Business Focus

Site-level earthwork and civil construction contracts, coordinated across clients and field teams.

Operating Context

Projects require on-ground coordination, resource planning, and close tracking of execution timelines.

Office Details

Office: 843, Sector 7B, Faridabad – 121006, Haryana
Proprietor: Mr Gurminder Singh Parmar
GSTIN: 06ADPPP1415J1ZF

Why This Role Matters

Civil contracting firms depend on strong management and coordination to keep multiple sites, clients, and teams running on schedule and within budget.

Business Context & Challenge

The Operational Challenge

- ◆ Civil and earthwork contracts involve multiple concurrent sites, vendors, and deadlines.
- ◆ Management must stay organized, responsive, and well-documented across every project stage.
- ◆ Progress needs continuous monitoring against plans, budgets, and client expectations.
- ◆ Findings and decisions must be captured in clear management reports for stakeholders.

Objective: strengthen coordination, planning, and reporting across live earthwork and civil projects.

Internship Objectives

01

Organizational Coordination

Support the management and coordination of ongoing organizational activities and projects.

02

Project Planning & Monitoring

Assist in planning, execution tracking, and progress monitoring of civil and earthwork projects.

03

Business Research & Reporting

Conduct business research and analysis, preparing management reports for review.

04

Stakeholder Communication

Coordinate with teams, clients, and stakeholders, maintaining clear and effective communication.

05

Problem-Solving & Decision-Making

Apply structured problem-solving and decision-making within a live professional environment.

06

Organizational Understanding

Build a working understanding of organizational processes and management practices.

Skills & Focus Areas

Project Management

- Project planning & scheduling
- Execution tracking
- Progress monitoring

Business Analysis

- Business research
- Report preparation
- Data-informed decisions

Communication

- Team coordination
- Stakeholder interaction
- Clear, timely updates

Applied Focus

Problem-solving and decision-making, applied directly to organizational processes and management practices at Harshit Projects.

Methodology & Execution

Structured, phase-wise involvement across the internship period

Outcome: hands-on exposure to how management, coordination, and reporting come together to keep civil projects on track.

Scope of the Internship

Included in Scope

- ✓ Management & coordination of organizational activities
- ✓ Project planning, execution, and progress monitoring
- ✓ Business research and analysis
- ✓ Preparation of management reports
- ✓ Team coordination and stakeholder interaction
- ✓ Problem-solving and decision-making support

Outside Scope

- ✗ On-site engineering / technical design work
- ✗ Direct financial or contractual decision-making
- ✗ Independent client negotiations
- ✗ HR or payroll administration

This kept the internship focused on management, coordination, and operational support.

Outcomes & Skills Demonstrated

Organizational Coordination

Practical experience coordinating activities and projects across the firm.

Project Planning

Involvement in planning, execution tracking, and progress monitoring.

Business Analysis

Research, analysis, and preparation of clear management reports.

Stakeholder Communication

Coordination and communication with teams and stakeholders.

Problem-Solving

Applied decision-making within a live professional environment.

Overall result: a foundational, real-world understanding of management and business operations in the civil contracting sector.

Internship Completion Certificate

Certificate issued by Harshit Projects on 1 September 2026
